

To Whom So Ever Concerned

Australian Glass Group is proud to announce that our acquisition by Metro Performance Glass (“Metro Glass”) is now complete. Metro Glass is New Zealand’s largest and most innovative glass processor and is listed on the Australian and New Zealand stock exchanges, with some of its largest shareholders Australian investors.

With more than 800 staff, a fleet of over 300 service vehicles and 17 sites located throughout New Zealand, Metro Glass supply and service the architectural, building and residential markets with industry leading glass products.

Whether it be high performance Low E double glazing units for new builds, bathroom shower screens, kitchen splashback or pool and deck balustrades, Metro Glass have been at the forefront of providing performance glass products and industry leading customer service.

It is business as usual at the Australian Glass Group; current management will remain in place and continue to operate the business with an unwavering focus on delivering a great customer experience. With time Metro Glass will assist us to further develop our business and service offering to ensure we remain your number one choice in processed glass.

We’re excited about this new partnership and want to assure you that we’re as committed as ever to providing you with the product and service solutions for your glass requirements. For more information on our business, please visit our new website – www.australianglassgroup.com.au

Sincerely,

Brendan Simpson
